

Emergency School Closing/Change in Schedule Notification

When bad weather or other factors cause us to change the normal schedule of the school day, we use the Alert Now parent notification system, the news media, and the NCCVT District website (<http://nccvotech.com>) to inform parents. We encourage you to tune in early when bad weather is predicted as we try to make the announcements as soon as the decision is made. Please remember that any decision affects only one school day; a new announcement will be made if the situation continues.

Some other notification options:

- The State of Delaware School Closing Information website (<http://schoolclosings.delaware.gov>), email notification (<https://diss.state.de.us/DWS/public.diss>), and their Voice Activation System (1-877-831-7215)
- Delaware Information Subscription Service for automatic email notification regarding school closings: <https://diss.state.de.us/DWS/public.diss>
- Delmarva Broadcasting offers a text messaging service for school closings to those who wish school closing information to be sent to their cell phone in the form of a text message. Interested subscribers should visit the following link to register: <http://wstwstore.hipcricket.com>.
